

CRITICAL COMPONENTS, INC.

Trade-UPS

Do you have old UPS equipment (any three-phase brand less than 100kVA) taking up valuable space?

Do you want to trade in this old UPS equipment for a significant discount on a new, more energy efficient, APC/MGE UPS?

Do you want free environmental friendly disposal of your old UPS equipment?

If so, Critical Components, Inc. (CCI) the certified Schneider Electric APC/MGE Elite Large Data Center partner, is proud to announce our own *"Cash for Clunkers"* 3-Phase Trade-UPS Program. Throughout the remainder of 2009, CCI will offer special discounted pricing on all new 3-phase UPS pricing along with free environmental friendly disposal of your old UPS equipment for every 100kVA or smaller "clunker" that you trade in. And, best of all, this program will NOT be cut short due to lack of funds and it is NOT to be paid for with your tax dollar!

Be Green... Recycle Your Old UPS Equipment!
